Charlevoix County Herald

VOLUME 56 — EAST JORDAN, MICHIGAN, FRIDAY, FEBRUARY 22, 1952 — NUMBER 8

New Hope For Hearts

Some of the most noteworthy advances have come in heart surgery. The correction by new surgical procedures of several different types of heart defects which are present at birth has ment new life to children who not long ago would have faced premature death. Research has developed new drugs of critieal importance in the treatment of two most widespread forms of heart disease — coronary heart disease. Drugs which slow blood clotting — so-called anti?coagulants — have made it possible to reduce deaths and disability following attacks of coronary thrombosis. Antibiotic drug — among them penicillin — are now widely used in the treatment of streptoccal infections as a means of preventing attacks of rheumatic fever which are usually preceded by such infections. Now there are even more hopeful developments in the fight against rheumatic fever. Two hormonal substances, ACTH and Cortisone, have given promising and dramatic results in the treatment of this disease. Investigations are now going forward to establish conclusively the effectiveness of ACTH and cortisone in the treatment of rheumatic fever. Today's heart research has not only produced new drugs and new surgical techniques. It has been responsible for the developement of many new instruments which have been of real value to physicians in the diagnosis and study of heart disease. The Michigan Heart Association, in existence for slightly more than two years, has already supported twenty-four research projects into the baffling and perplexing problms of diseases of the heart and blood vessels.

It is important to point out that each project eventually contributes in full measure to the care, diagnosis and treatment of all heart patients.

Yes, the movement of heart research has been forward. But it still must meet the greatest challenge of all. This is to find the as yet unknown causes of high blood pressure, hardening of the arteries and rheumatic fever.

Hospital Site Is Approued

AT CHARLEVOIX LAST MONDAY NIGHT, FEB'Y. 18

At a special meeting of the board of directors of the Charlevoix Hospital association held Feb. 18, the board listened to the proposal of Messrs. Miller and Winnick, that the new hospital should be located at a site on Garfield avenue. The proposed site and the offer to donate the land for the new hospital was considered pro and con by the board and the meeting was finally adjourned to meet again Monday, Feb. 18, in order that additional data might be secured relative to the Garfield site.

The boarl appreciates the interest and offer of the Garfield site, but following their meeting Monday night, announced that it was their unanimous decision that no change in the previously selected site would be made and that the new hospital would be erected in accordance with their original decision.

The board decision was influenced by a number of dominating factors, all of which favored the Lake Michigan site. They are convinced that from every practical angle the Lake Michigan site is logical choise. This opinion is shared by the architects and by a majority of the substantial donors to the project. A number of such donors have written confirming the selection of the Lake Michigan site and expressing concern over any further delay.

Hospital Building Fund committee feels further delay may well prove disastrous to the entire project and that the variation in the cost of utilities which now exist between the two sites is more than offset by the better advantages of the site first decided upon.

Architects plans have been submitted for federal approval and will be sufficiently advanced to request bids by late spring. Construction will commence immediately following the submision and acceptance of bids

Father-Son Banquet

THIRTY-SECOND ANNUAL EVENT THURSDAY EVENING FEB'Y. 28th.

We are again reminding you of the thirty second annual Father-Son Banquet, to be held in the high school gymnasium, Thursday evening, February 28, 1952, at 7:00 p.m. The price is $1.25 per plate.

This is an evening when every dad will be exceedingly proud to show off his son and, by the same token, every son will want to be seen with his dad. Let us hope that every father who has no son will adopt one, or more than one, for this swell occasion. If you would like to take an "adopted" son and don't know who to take, please contact the bank and Bob Campbell, or someone there, will give you the names of several deserving boys. Many of these boys won't get a chance to go if you don't take them.

The program promises to be an interesting one in which every boy will be given an opportunity to take part, if he so desires.

Don't forget the date, the time and the place.

East Jordan wins Demonstration Contest

At the F.F.A. District Contest, held at East Jordan, Feb. 19, five schools were represented. They were Boyne City, Pellston, Petoskey, Alanson, and East Jordan The East Jordan demonstration team, which consist of Jack Zoulek, Tom Sheridan, and George Gaunt, won first place. In the Parlimentary Proceedure, Boyne City won first while East Jordan took third. In the Public speking contest Pellston won first, while East Jordan took third.

The winners of this contest will go to the regional contest at Traverse City, March 4.

Steve Hayden, reporter

Save the inside wrappings from butter and lard in your refrigerator. They are excellent for greasing baking tins.

4-H Party at Peninsula Grange Hall

Peninsula 4-H Club entertained Star and South Arm 4-H Clubs at a party, held at Peninsula Grange Hall at 8:30 p.m., Saturday, February 16. Entertainment included square and round dancing for older children and games for the younger children. Eighty-five attended the party and everyone had fun. Lunch was served and prepared by 4-H members and their mothers.

LP-Gas Folder Ready

Latest information on LP-gas or liquefied petroleum gas is now available to farmers. The figures on cost, performance and other vital points have been collected by W. M. Carleton, of the Michigan State College agricultural engineering department.

Carleton has put this information into printed form in extension folder, F-164. The folder is available at the county extension office or may be ordered from the bulletin office at the college in East Lansing. Farmers are finding many new uses for the product. Cooking, refrigeration, water and home heating, brooding chickens and other jobs have increased its use.

However, Carleton explains that most of these uses require a high volume in the winter with summer consumption much lower. Producers are trying to encourage its use in farm tractors as a logical development.

Miles District Harmony Extension Club

Met at the home of Mrs. Jane Morkerman on Thursday, Feb. 14, with 10 members present, 4 members absent. We began with a delicious pot luck dinner at noon, then proceeding with a pink and blue gift opening by our honored guest, Jean Gilkerson. Our members then answered roll call by giving some helpful hint. After our regular business meeting, our leader, Mary Donaldson, gave the lesson on citizenship. And being Vallentines day we exchanged Valentines. Jean Gilkerson invited us to her home for our next meeting, the lesson will be on lamps.

Handicapped Will Be Interviewed

"A field agent for the Office Vocational Rehabilitation will interview vocationally handicapped person in:

Town Hall, East Jordan on February 27, 1952 at 1:30 p.m.

Vocationally handicapped persons interested in learnig more about the services of the Office of Vocational Rehabilitation can meet at this location.

This agency attempts to help vocationally handicapped individuals to help themselves get or keep jobs, assisting them with training to learn a new skill, artificial applinances, hospitalization or surgery."

Roger B. Moon, Field Agent

Marriages

Saunders — Seedman

Miss Evelyn Irene Saunders, daughter of Mr. and Mrs. Mark Saunders of Ironton, became the bride of Chester Douglas Seedman, son of Mr. and Mrs. Emery Seedman of Lincoln Park, Mich., in a candlelight service solemnized at the Ironton congregational church Saturday evening, Feb. 16, 1952.

The Rev. W. D. Wood performed the double ring ceremony before an altar decorated with lighted tapers and banker with pine. Miss LuAnne Bonback of Charlevoix sang "I Love You Truly" and "Savior Like A Shepard Lead Us," accompanied at the piano by Miss Marie Nielsen who also played the traditional wedding music.

Given in marriage by her father, the bride chose a green, tailored suit; black accessories and a corsage of white mums centered with a red rose. Mrs. Sally Saunders, cousin of the bride, attended the bride as matron of honor. She wore a maroon suit with white accessories and a corsage of yellow mums centered with a white carnation. Wayne Saunders, cousin of the bride, was best man.

Bernie Ward, Jr., and Milford Saunders, cousins of the bride, were ushers.

For her daughter's wedding, Mrs. Saunders selected a maroon suit with brown accessories. She wore a corsage of yellow mums with a white carnation in the center. The grooms mother wore a flowered dress with a light blue background and a red carnation.

Following the ceremony, a reception for 100 guests was held at the Church of God Fellowship Hall in Charlevoix. The refreshment table was centered with a three tierd wedding cake, topped with three white bells and a minature bride and groom.

Out of town guests were the groom's parents, Mr. and Mrs. Emery Seeedman and daughter of Lincoln Park, Mr. and Mrs. Glenn Allen of Cheboygan, and Mr. and Mrs. Paul Greenman of Bellaire.

The couple left Sunday for a brief wedding trip to Maryland. For traveling the bride wore a green suit with brown accessories. After Feb. 20, the couple will reside at 7309 Dickerson avenue, College Park, Maryland.

Auxiliary Meeting Tuesday, February 12.

The American Legion Rebec-Sweet Post Aux. Unit 227 held their regular business meeting Tues. Feb. 12, at the Legion Home, due to the illness of several members the attendance was very small. President Martha Kamradt ask that all members who have now received The Wolverine Auxiliarire, the Michigan Auxiliary Bulletin, which all members are supposed to receive starting with January of this year, please notify her so that the mailing lists may be checked, this paper is of real value to all members as it contains information regarding all activities thru-out the state, therefore it is to your own interest that you make sure that you receive this publication. Hilda Bathke, Chairman of Convention committee, and her coworkers are busy these days trying to raise money to send delegates to the Dept. Convention to be held this summer at Grand Rapids.

The next Auxiliary meeting will be a semi-social meeting, Tuesday, Feb. 26, 8 o'clock as this is Americanism Month. Eva Peterson Americanism Chairman will have charge of the entertainment, be sure and attend.

Red Devils Dawn Harbor Springs and Gaylord

BACK IN STRIDE WITH A FULL CREW

Back in stride with a full crew, East Jordan trounced the Harbor Springs Rams at Harbor last Friday by a 51-31 score.

Taking the lead from the starting whistle, the Red Devils were leading 15-7 at the quarter and 29-19 at the half time. By the end of the third period they had stretched their lead by 17 points and the score stood at 40-23.

In the fourth quarter, the Rams lost Granstra, Kishigo, Chingwa, and Swiss on fouls.

Don Whiteford led his teammates in scoring with 17 points, while Roman Klimkiewicz and Keith Evans had 12 each. Granstra and Kishigo were tops for the Rams with 7 points each.

In Tuesday's game here with the Gaylord Blue Devils, the East Jordan team had again lost one of their regulars. Keith Evans was on the sick list and unable to play. The starting lineup of Whiteford, Klimkiewicz, Freeman, McGeorge and Shepard however, worked smoothly to run up a first quarter tally of 20-9.

With each team making 14 points in the second quarter, the half time score stood at 34-23. Gaylord came back in the last half to try for a repeat victory over the Red Devils but was unable to swing it and the game ended in a 53-47 victory for East Jordan.

Officials for the Harbor Springs game were Kantiz and Bradley of Traverse City, and for the Gaylord game, McDonald and Seguina of Alpena.

With only two games left in the conference this season, the Red Devils will host the Boyne City Ramblers here this Friday. Although the Jordanites defeated their traditional rivals at Boyne earlier in the season, a good battle is expected Friday night.

On February 29, East Jordan will travel to Mancelona for their last game before the tournament.

Jr. Auxiliary Hold Valentine Party

The Jr. Auxiliary Unit 227 held a Valentine Party Saturday afternoon Feb. 16, at the Legion Home, several of the girls brought guests, the afternoon was spent playing games and exchanging valntines. A lovely lunch was served by Marietta Walden, Jr. Aux. Chairman assisted by Reva Walton, the table was decorated with red hearts with a large lacy heart as centerpiece, an attractive heart shaped cake and dainty individual favors completed the table decorations, sandwiches, cookies and coolade were also served. Every-one had a fine time and are looking forward to the next party. All the girls missed Eldeva Gokee, Jr., Co-chairman who was ill and could not be present Eldeva always has so many ideas for fun and adds so much to the Jr. get-to-gethers and all the girls hope she is on the road to recovery and is feeling much better by now.

CARD OF THANK

To those who expressed their sympathy in so many beautiful and practical ways during our recent bereavement, the death of our mother, Mrs. Ida Faust, we extend our heartfelt thanks.

Turkey Dinner at Rock Elm Grange Hall

The turkey dinner at the Rock Elm grange for the benefit of the March of Dimes was well attended. Many have commented about the excellent meal and the way it was served. The turekys were donated by Hiram Brock. John Brock also donated a turkey.

Sewage Disposal

(Third installment of series.)

There appears to be two courses of procedure open to the city at this time:

1—Voluntary procedure;

The City Council passes a resolution proposing to float a bond issue in the amount required to finance the project.

The voters have a thirty to forty day period from date of issuance of the resolution in which to petition for a vote for or against the bond issue. If the issue is not voted down, the City then advertises for bids on the construction of the necessary sewers and plant. The lowest responsible bidder is usually awarded the contract. His price together with cost of plans, inspection, fees, finance and bond fees, plus an arbituary allowance for incidentals will equal the amount of the revenue bond issue.

The above method has been outlined as that which the City may follow provided it wishes to voluntarily construct it's own plant. It permits the issuance of revenue bonds voluntarily by the city, which bonds we are informed usually carry a rather low rate of interest. (Cost to the City) These bonds are then retired over a period of years by payments charged to water and sewer users.

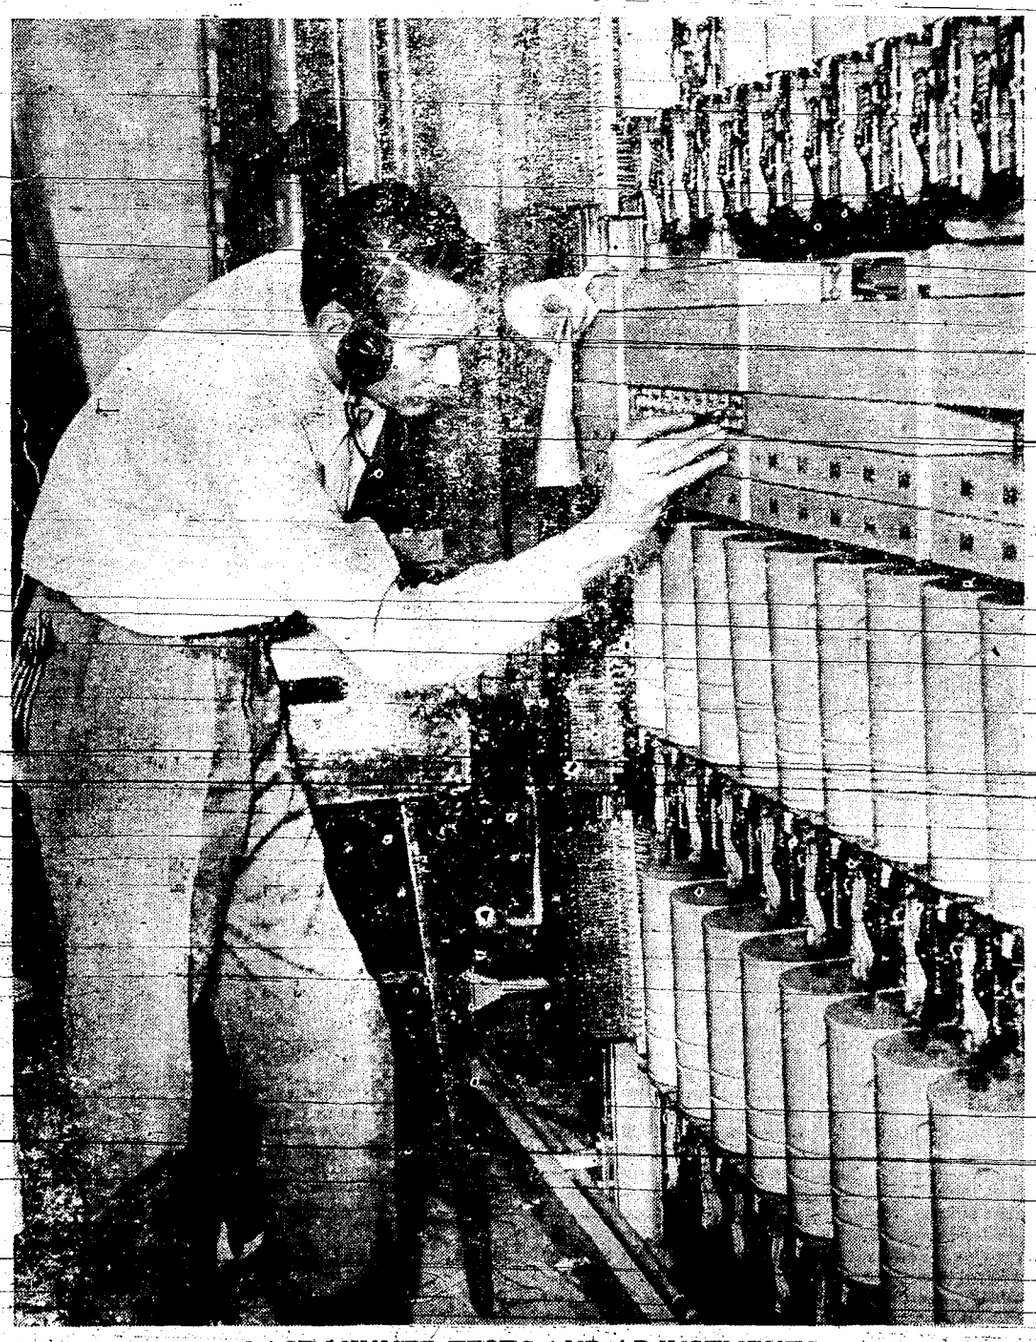

2—Forced Procedure;

If the project is voted down, the council is informed that the usual procedure is that the State issues a writ of maadamus. This requires the City to issue General Obligation bonds to be paid for as a spreed on the tax roll. These bonds, the council is informed, usually draw a higher rate of interest than that of revenue bonds

The jist of the thing seems to be this: — The council goes ahead voluntarily cooperating with the officials and those forwarding the construction of the project — trying to get a suitable plant for the least expense to the tax payer. Or it fights the issue at every turn, spending time and money in delay and litigation, finally the thing forced on the City, along with attendant legal fees, court costs and higher interest on the mandatory general obligation bonds

Fire Department Kept Busv During The Past Week

The Department answered an alarm Saturdy at 12:00 noon for a garage roof fire at the farm home of Pierre Raveau on M-66. Monday at 12:40 p.m. They were were called to the home of Mr. and Mrs. Abe Garrels on the West Side for a chimney fire, and again for a chimney fire at the home of Ed Cook on the West Side at 10:05 a.m. Tuesday. The damage was slight in each of the fires.

LAST-MINUTE TESTS AND ADJUSTMENTS

of East Jordan's new dial telephone system were made by John Dixon, of the Western Electric Company which build and installed the intricate switching equipment, just before the system was cut into service by the Michigan Bell Telephone Company, Thursday.

Citizens of Tomorrow

Linda 6, Trudy 7, daughters of Mr. and Mrs. Howard Sommerville, City.

Jerry 11, Delbert 10, Ronnie 8, Leon 8, sons of Mr. and Mrs. Jerome Sulak, City.

Dale Petrie had supper with Mr. and Mrs. Douglas Gilkerson and family Tuesday.

Mr. and Mrs. Delbert Ingalls called on Mr. and Mrs. Crain of Charlevoix Sunday.

Mr. Claud Gilkerson and family were dinner guests of Mr. and Mrs. Green Stallard Sunday.

Mrs. Slough and family of East Jordan called on Mr. Claud Gilkerson and family Sunday.

The Harmony Extension Club held a shower on Mrs. Douglas Gilkerson Thursday afternoon.

Mr. and Mrs. Bryce Petrie and family called Tuesday on Mr. and Mrs. Douglas Gilkerson and family.

Mr. and Mrs. Douglas Gilkerson and family had dinner with Mr. and Mrs. Happy Willson and family Sunday.

Mr. Claud Gilkerson and daughter, Donna, were supper guests of Mr. and Mrs. Douglas Gilkerson Friday night.

Mr. and Mrs. Gerrit George Drenth and family visited Sunday evening with Mr. and Mrs. William Boss and family.

O. B. Joyful says a really good salesman is one who can make his wife sympathize for the girl who lost her compact in his car.

The School Bell . . .

Stay off the road behind the school, it is for buses only.

Second Grade — Mrs Seiler

We had a pretty valentine box. The children made valentines for all their friends.

Mrs. Seiler read us a book about Abraham Lincoln. It was written by Ingri and Parin D. Aurlaire. The primrose plant Mrs. Seiler bought for our room has pretty pink blossoms and the begonia Reva brought has pink blossoms, too.

The Jolly Worker's new workbooks came and they are enjoying working in them.

The children made a play store in them.

The children made a play store in one corner of our room. Carol brought her cash register and we had play money too. It was fun playing going shopping. We learned how to make change and how to add more quickly.

Parker Seiler took pictures of our second grade standing on the school steps.

We have been learning about coal, where it comes from how men dig it out of the earth and it's many uses.

The redbirds have been reading a story about a circus. So we have been reading some library books about the circus, and making pictures of circus animals.

Second Grade — Mrs. Johnston

Our room calendar for February is the shape of a huge heart. We found that two of our great presidents had birthdays in February. They were Abraham Lincoln and George Washington. Darlene McClanathan and Mary Murray also have February birthdays.

Jolly Jingo,the laughing clown we know, suggested to us that we should hang up our coats neatly, keep our overshoes together and try and keep our cloakroom neat and tidy.

The past few weeks we have been working on choral readings. We find it fun to take part in so many different poems.

During our "News Time" last week each child gave an idea of how our valentine box counld be made. The children gave many nice suggestions. Our box was decorated with red, white and blue crepe paper.

We made orginal valentines last week. We made a pretty one for mother. We hope she liked it.

Our valentine party was held last Thursday afternoon after recess. The children who were on the party committee were, Darlene McClanathan, Bobby Goebel, Jean Combest, David Fienta, Raymond Richards, Hazel Boyer and Beth Galmore. Charlene Hitchcock's mother sent us a treat which consisted of a huge beautifully decorated cake in the shape of a heart. We thank Mrs. Hitchcock and all the other mothers for helping to make our party such a nice one.

Our attendance record is improving. We had four days of perfect attendance last week. The boys won in getting their report cards back first.

Second Grade — Mrs. Bowerman

Larry Henderson gave us a good report on his trip last week to the Upper Peninsula. He crossed the Straits on the new ice breaker ferry. He visited school while visiting up North

Last Tuesday morning we went to Dr. Pray's office where he gave us a very helpful talk about the care of our teeth. He showed us the proper method to brush our teeth and stressed the importance of cleaning them after each meal. The importance of proper food to build strong teeth, and refraining from eating candy, gum, pop and sweet foods were stressed.

We brought our Mexican project to a close with a play which we gave for our school friends, our mothers and Mrs. Malone's room from Boyne City. These children had been interested in a study of Mexico too. After the play we served refreshments to our mothers and Boyne City guests. Each one introduced himself and got acquainted with a new friend.

We were very interested in the information Mr. Richardson brought to us concerning Mexico. In our language lesson we wrote a thank you letter to him.

Raymond Fisher celebrated his eighth birthday on Feb. 20 and Louise Bader is looking forward to her birthday on the 24th.

Third Grade — Mrs. Hughes

The valentine party in our room was a huge success. We thank all the mothers that contributed so liberally for it. The cakes and cookies, the delicious candy were a delight to the children.

We celebrated several birthday's this month. Judy Kotalik and Judith Jankoviak both were nine years old. Judy Kotalik served ice cream paddles and Judith Jankoviak served individual cakes with a candle on each. We made birthday cards and sang the birthday song.

On Friday at 2:00 o'clock we are inviting the mothers to our room for a program and tea. We hope they will come.

Fourth Grade — Mrs. Galmore

Wednesday the 13th we celebrated the birthday of Lorna Kent and Earl Gee and on Thursday that of Wayne Dougherty.

It was fun giving and receiving valentines on Valentine's Day and we wish to thank all the mothers who sent refreshments for our party. We were glad Mrs. Bulmann stopped in for a few minutes and appreciated Mrs. Moore's bringing Walter's gift.

The book "Lincoln and His Times" interested us very much. We are learning about the boyhood of Washington written by Augusta Stevenson. We are finding out that great men had troubles the same as we do. Benjamin Franklin counldn't get his arithmetic and Washington was a poor speller. We have decided that because we fail sometimes doesn't mean that we will not succeed in the end.

Monday of this week we were surprised to see Bobby Winstone here. He has been in Florida for some time. Bobby told us many things about the different states he went through and about the school he attended in Florida.

Fifth Grade — Mrs. Mosher

Mrs. Brown came in last Thursday and gave us a talk on what makes good breakfast. For English class that day we wrote a paper on good breakfasts. We will put them in our health booklets.

After working on a unit of United States Government each of us wrote a paper on "Why I Am Glad I Live in the United States". Anita Petrie's paper was chosen by three teachers as the best and is as follows:

I am glad I live in the United States because I have freedom to vote for president. I'm glad because I may go to school and learn. Before public schools were open only rich folks children could go to school. I am glad because I have a right to go to parks for swimming and picnics. I'm glad because we have paved highways on which to drive. I have freedom in the United States to go to any church. I'm glad I live in the United States because there are no slaves and all people are treatd equal.

Mrs. Mosher is reading "The Long Winter" by Laura Ingalls Wilder to us. We can be thankful our winters aren't that bad.

Sixth Grade — Mrs. Larsen

In health we are studying about foods that the body needs. We have a large chart on the bulletin board showing the seven groups of food we should choose from to plan our meals.

We also have "Grooming charts" that we check each day. These charts help us to form good health habits.

We saw movies on Good Teeth and Life in Mexico.

Mr. Richardson has been coming to our room to tell us about his trip to Mexico last summer. Mexican homes do not have a front yard or sidewalk. The front door opens up on the street with the patio or yard in the center of the home.

Road markings are shown on corner buildings. If there is no building on the corner the highway is not marked.

All streets in Mexico except the highway have only one way traffic.

We have new reading books entitled "Living All Your Life". The stories are very interseting.

In art class we wrew pictures of Lincoln and Washington's homes. Their homes were so different. Some girls make Washington and Lincoln bookmarkers.

We had a valentine party in our room. We made a valentine box for each row.

Linda Bustard and Nicky Myers made a large valentine box for Mr. Conway. His birthday is on Valentine's Day so all the grade children gave him valentines and birthday cards.

This news was reported by Mary Detloff.

SENIOR CLASS PARTY

The Senior Class of East Jordan High School held a tobagganing party on Mt. Nebo February 18, at 7:30 p.m. Chaperones were Mrs. Brown, Beverly Danforth and Mrs. Robertson. It was for Seniors only and each member paid 25c into the treasury. About 9:30 they returned to the school where refreshments of hot dogs, cake, cookies, cocoa and pop was served.

DRESS-UP DAY

The Student Council, at their last meeting, passed a resolution to hold a dress-up day every Wednesday in the High School.

The boys are supposed to wear dress pants, a white shirt and a tie. The girls must wear a dress, or a skirt and blouse, no blue jeans or slacks.

DATES TO REMEMBER

February 22: Basketball, Boyne City, here.

February 26: County M. E. A. dinner — 6:30 p. m. at Charlevoix.

February 28: Father and Son Banquet.

February 29: Basketball, Mancelona, there.

BIRTHDAY PARTY

A surprise birthday party was held for Mr. Conway, the school janitor, on February 14. Each child in the grade school marched through the furace room and put a valentine in a valentine box made by Linda Bustard and Nicky Myers. The children then sang "Happy Birthday" to Mr. Conway, who has been janitor here for 15 years, and has always kept his birthday a secret until this year.

PHOTOGRAPHY CLUB FIELD TRIP

Starting at 1:30 Sunday, the Photo Club went on a field trip terminating at Charlevoix. We stopped at Ironton and took a few pictures around the fish shanties and the ferry. From there we went to the Loeb farm where we took pictures using the farm buildings as a background. Some of the members were running low on films so we stopped downtown in Charlevoix but without results as the stores were closed. We then went on to Mount McSawby where we took pictures from the top and on the beach. Ending our trip, we rode through Boulder Park taking a few pictures of the houses there.

Members who made the trip were: Mike Davis, Jim Nichols, JaAnne Nachazel, John Malpass, Joyce Nyland and Tom Dressel—Mr. Ogden and Mr. Acitelli, advisors.

Junior Play

Be sure to reserve the dates March 3 and 4 to attend the Junior play "Silas Smidge from Turnip Ridge".

SCORE SHEETS

The seventh grade will be selling score sheets at the remaining basketball games. It will include the names of the reserve and first teams of both towns besides offering space for the scores. The group wishes to thank the business places who gave advertising to make this project possible and Mrs. Drapeau who prepared the stencils.

The committee is made up of: General Manager; Cal Darbee; Advertising, JoAnne Bader, Patricia VonSoosten, Harold Stanton and Alva Noirot; Sales, Martha Lord, Jundy Lilak, Ralph Shepard and Neal Evans; Art, Martha Lord.

YEARBOOK

The seniors have almost completed the yearbook for 1952. Anyone wanting a copy can place their order with Virginia Burns, before March 20.

STUDENT COUNCIL CONFERENCE

A Student Council Conference was held in the Charlevoix High School February 18 beginning at 10 a.m. R. G. Gennett, Charlevoix Superintendent, spoke and welcomed the group. Representatives visited 3rd, 4th and 5th hour classes.

Following lunch, which was served in the Homemaking Department the group was divided into five committees.

The following Topics were discussed.

A. Spare time activities outside of school.
B. Subjects in school.
C. Facilities in the school.
D. Student Council Problems.
E. Health Problems.

After the committee discussions the group reassembled and recorders gave reports on their findings. After more discussion the meeting was adjourned.

The following schools were represented: Gaylord, Boyne City, Charlevoix, Pellston, Harbor Springs and East Jordan.

Those from here to attend included: Floyd Detloff, Arvita Liskum, Norm McGeorge, Bonnie O'Brien and their advisor Mr. Annear.

The next meeting will be held in East Jordan April 28. Mancelona will be invited to join the group for this meeting.

A candidate for office called on a minister to ask his support at the coming election.

"Before I decide to give you my support," said the minister, "I would like to ask you a question. Do you partake of intoxicating beverages?"

"Before I reply," said the candidate cautiously, "is this an inquiry or an invitation?"

Bowling News

The Rainbow City mixed doubles tournament got new leaders last Sunday when Ruth Johnson and Ed Maxwell, both low average bowlers, turned in a 1303 series. Others to place were Glenda Maxwell and Al Chanda with a 1222 to tie for fifth place, and Gen and Les Smith with a 1221 for seventh place.

Ellsworth Electric knocked off Sommervilles for three points Monday night to stretch their lead in the Merchants league. Don Campbell of the Ellsworth team had high game for the night, both actual and over average. That 213 game gets him the sweat sox from Bradshaws, an Arrow shirts from Chris's and Monarch canned goods. Monk Cihak won the pound of hamburg at Sommervilles with a high series of 562. Chris Bulow had the highest over average series by 91 pins to win ½ gallon of ice cream from Taylors Grocery and $2.00 in trade at Jimmie Lilak's Grocery.

Bun Brennan got a pound of Epsom salts from Hite Drug Co. for his low game of 101, and Ed Maxwell got another clean and press job from the East Jordan Cleaners for low seriesof 361.

Highest team game over average was rolled by the E. J. Recreation with a 2283 that was rolled by the E. J. Recreation with a 2283 that was 158 pins over their average.

Leona Winegarden World Day Prayer Speaker

The Miss Leona Winegarden, pastor of the Methodist Church, Elk Rapids, Mich., will be the principal speaker at the First Methodist Church., East Jordan, Feb. 29, 1952, at 8:00 p.m. The Church service will be conducted by Mrs. Edward DeHaven assisted by other ladies of the co-operating churches. Mrs. Adolph Drapeau will direct a community choir for this special service.

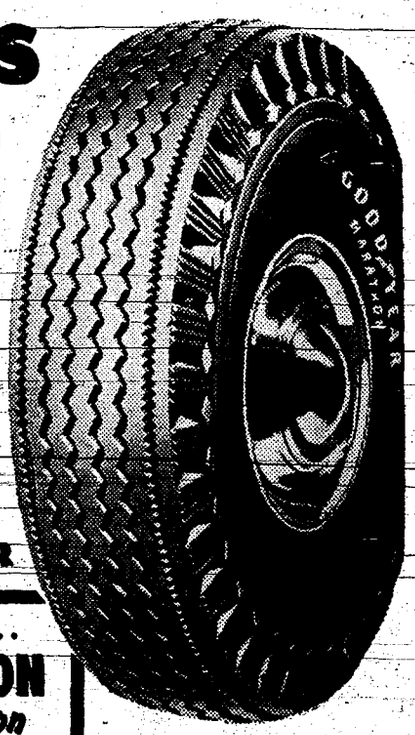

World Day of Prayer is one of the most outstanding events of the world as it combines many voices from all denominational background into one ecumenical appeal to God and man for spiritual guidance and remited human endeavors. The following churches of East Jordan are co-operating: Presbyterian, United Missionary Lutheran, Seventh Day Adventist and the Reorganized Church of the Latter Day Saints.

The public is urged to join in this unified effort to seek God's counsel for our critical man made problems of our time.

DID RITA FAIL THE ALY KHAN?

Was Rita Hayworth lacking in understanding when she married the Aly Khan? Read Elsa Maxwell's views in this Sunday's (February 24) issue of The American Weekly, exclusively with The Detroit Sunday Times. Learn what happened when the Aly, Rita knew as a playboy, suddenly assumed the serious role of religious leader to nearly 100,000,000 Ismaili Moslems.

Included among the Michigan men each an officer of a Mid-West member creamery, who are nominees for election to the board of directors who will attend is Percy Penfold, Manager, Jordan Valley Co-op Creamery of East Jordan.

Metal Roof Paint Tests Reported

Results of 15 years of experimenting with metal roof paint have shown which paints are best for making metal roofs last longer, according to A. J. Bell, Michigan State College extension agricultural engineer.

Bell says that of 92 different paints tried out, only six or seven showed much value for metal roofs. Zinc metal paint has stood up the best. It is composed of zinc dust, zinc oxide and oil.

Second best paint proved to be red oxide, which has been used on barns for many years. It should be of high quality if it is to be used successfully, Bell points out. Aluminum ranked third best and was found to have a longer duration if base or rust-slowing coat was put on first.

Brushing aluminum paint over rust on metal roof is just a waste of time and money, the experiments showed. Although, steel brushing was formerly recommended, it has since been proven that the life of a paint job is about as long when the rust is swept off with a stiff broom. There isn't enough extra life in the paint to warrant steel brushing.

If your cakes fall perhaps you are not using the right sized pan. When pans are too small the cake batter will run over the edges and burn. When the pans are too large the cake tends to be thin and overbaked.

Babson Discusses Advertising

This is not a defense of advertising. Probably as much money has been wasted on advertising as on drilling for oil or mining for gold; but getting only dry wells and dead veins! But without those willing to take these wildcat risks, we would have no oil and no gold. Advertising is a risk and should be sold as such.

ADVARTISING IS A GOOD RISK

But advestising is a good risk. Money spent there in is the best gamble that I know of. According to an Advertising Bureau which made a study of the 717 companies which were spending annually over $25,000 on advertising than ever, while only 5% are now spending less on advertising. Only one company in twelve found advertising unprofitable.

Those companies which have quit advertising were trying to sell a wrong product, or had wrong sales policies, or an antiquated management. The way this 91% has stayed in business with continuing success, despite competition from new companies and improved products, proves my point.

OPPORTUNITIES IN SMALL CITIES

Most of the above 717 concerns are located in the larger cities; but I believe that statistics of merchants in small cities would show an equal percentage of success. The most successful companies are now giving much advertising to small dailies and weeklies. This tendency is sure to increase as years go on. The people of small communities read advertisements very carefully.

One of the safest investments is in newspapers, large or small, especially where there is only one newspaper which controls th field. It is true that the costs of producing all newspapers are rising; but it is easy to raise the price of a newspaper. Most newspapers now sell for five cents, while some have recently increased to seven or ten cents. People want news; the more they pay for a newspaper, the more carefully it is read (news and ads) — hence, more valuable is advertising

HELPING YOUR EMPLOYEES

I believe in Pension Plans; but pensions help wageworkers only after they are 65 years old. Advertising helps all employees all the time. Too few companies take seriously the problem of Making factory workers understand the importance of what advertising does to hold op prodoction, with high employment.

Labor newspapers should not accuse businessmen of "throwing money away" by spending it on advertising. It is true that advertising expenditures were about $6 billion in 1951, but nearly all of it is closely watched for very prompt results in greater sales, which, when achieved, lead to large payrolls.

THANK ADVERTISING FOR AMERICAN PROSPERITY

Advertising is largely responsible for the fact that our wages and standard of living are so much higher than that of any other country. Without advertising, we couldn' have mass selling. Without mass selling, we could not afford mass production. Without mass production, we would not enjoy the world's highest standard of living.

"What is selling—and advertising—doing to help me?", you may ask. It is helping you to secure 52 weeks of employment and is helping to increase you "take-home" pay. It is increasing employment so that your son can also get a good job. As it helps every worker, it makes more trade for every merchant. We should all encourage advertising.

MAGAZINE ADVERTISING HAS ONE DANGER

Everything in this world has its advantages and disadvantages — hence, so has magazine advertising. It is becoming so beautiful and "pulling", prepared by high-priced artists and psychologists, that it may get many women to bhy more than they shohld and go needlessly into debt. These ads may also result in unreasonable labor demands. On this point, you might be interested to write the U.S. Chamber of Commerce, Washington 6, D.C., and ask for these free leaflets: "Fables and Facts About Advertising"; "The Man Who Could't See Beyond His own Nose"; and "Where's Elmer".

Know-how doesn't seem to count for as much in Washington these days as know-whom.

You can avoid costly mistakes by planning your farm construction and improvements well in advance, say Michigan State College agricultural economists.

LEGAL

PROBATE ORDER
Final Administration Account

State of Michigan, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 19th day of February, 1952.

WEST PENINSULA. . .
(Edited by Mrs. Wm. Gaunt)

The Peninsula Farm Bureau met last Thursday evening with the Perry Looze family; there were 15 members present. Mr. Curtiss Nicloy showed colored slides with his machine which were very interesting. The next meeting will be at the Wm Gaunt home.

Mr. and Mrs. Walter Ross and Ernest Nunn of Beaverton spent from Monday to Wednesday with Mr. and Mrs. Bud Kloster of Norwood and took supper. Tuesday with Mr. and Mrs. Gaunt Sr.

Mr. Clayton Healey with his two helpers, Bill Gaunt Jr. and Lawrence Elzinga spent several afternoons in Charlevoix attending Farmers Week.

Mr. and Mrs. Roy Howard and family of Boyne City spent Sunday with the Henry Howard family.

Ed Robinson of Boyne City was a business caller at the E. H. Phillips home Saturday. Ben Organek of Boyne Falls the cabin builder was a business caller at the Rustan Sunday.

Mr. and Mrs. Lawrence Elzinga were callers at the Bill Gaunt Jr. home Tuesday evening.

Miss Mable Hudkins of East Jordan was a caller at the Bill Gaunt Jr. home Sunday afternoon.

There are 15 or 20 shanties on the South Arm near the Isle of Pines; fishing is pretty good for a while. The Perch are larger than usual.

Edwin Phillips leaves Monday for Minnapolis, Minn, for 3 weeks, auditing books for The Jewell Tea Co.

Master Butch Howard the son of Mr. and Mrs. Harry Howard was under the weather Sunday which made him stay in bed all day.

Mr. and Mrs. Henry Howard and Mr. and Mrs. Wm. Gaunt Sr. spent Saturday evening with Mr. and Mrs. Edwin Phillips at the Rustan.

Mr. and Mrs. R. G. Williamson of the Rustan spent Saturday evening in Petoskey attending the Winter Sportmens Ball.

We are Using Dial Telephone

As we go to press this week, Michigan Bell Telephone Company workmen have been making last-minute tests and adjustments on the community's new dial telephone system.

C. L. Johnson, manager here for Michigan Bell, said the new system is all ready to be placed in service this week Thursday at p.m.

A brief ceremony, attended by a representative group of the city's business and civic leaders at the First Presbyterian Church, was to mark the inauguration of dial telephone service here.

At the cermony, Mayor Leo Sommerville is to push a button which would signal workmen standing by to cut the old manual central office out of service and cut the new dial office in.

New directories for East Jordan, showing the new "Enox" telephone numbers, have been distributed to all local telephone subscribers. Besides East Jordan numbers, the new directory lists Boyne City and Charlevoix numbers.

Telephone users here can dial numbers in Boyne City directly. To call aCharlevoix number, East Jordan subscribers dial the Charlevoix operator.

In dialing numbers in East Jordan, users here need only dial the five numberals following the LEnox prefix.

Did Rita fail the Aly Kahn? In The American Weekly, the great color magazine distributed with Sunday's Herald-American, learn why Elsa Maxwell says she is sorry she introduced Rita Hayworth to the Aly Khan! Look for this exclusive, inside story on his famous romance and separation, Sunday in The Chicago Herald- American's great color magazine!

Thelma M. Hegerberg
City Clerk

IN MEMORIAM

In loving memory of our dear son and brother, George Melvin Moore who passed away two years ago today, Feb. 25, 1950.

Days of sadness still come over us,
Secret tears do ofter flow,
Memory keeps you ever near us,
Although you passed away two years ago.

Sadly missed by,
Mr. Fred Moore and family

Wednesday 8:00 p.m. Joint Lenten Service.

The Lenten Season beckons us once more to set one hour aside every Wednesday evening to commemorate our Lord's willingness to suffer for the sins of the world. A unique series of Lenten sermons based upon the Lord's Prayer will be heard in Christ Lutheran Church during the coming weeks. The series will be introduced Sunday, Feb. 24th with the introduction to the Lord's Prayer: "Our Father Who Art In Heaven." Wednesday's topic will be: "Hallowed Be Thy Name."

R. L. D. S. Church
Robert Bruce Harvey
Pastor

Sunday evening, Feb. 24 at 7:30, Elder Allen Schreur will show moving pictures that were taken at Park of the Pines reunion. These pictures will be of interest to everybody who has ever been to the Park of the Pines and all are invited to come and see them.

The Zion's League is sponsoring this program and a free-will offering will be taken. The proceeds will go towards helping the young people to go to youth camp this summer.

Ski Tow Schedule

Starting Thursday night, Jan. 31st the tow on Mount Nebo will be operating on the following schedule:

Thursday night — 7:30 to 9:30 p.m.
Friday night — 7:30 to 9:30 p.m.
Saturday afternoon — 1:00 to 5:00 p.m.
Satuday night — 7:30 to 9:30 p.m.
Sunday Afternoon — 1:00 to 5:00 p.m.

When the tow is operating at other than scheduled times a red flag will be flown from a mast by the power building or the lights may be seen from the vicinity of the School House.

Everyone is invited to use Mount Nebo. There is no charge.

From where I sit ... by Joe Marsh

Jiggs Gets Four "Hot-Foots"

Cappy Miller's bought himself a new car. We won't be seeing his old jalopy bouncing over the back roads any more. I'm going to miss it, too.

Many a morning Cappy and I drove off in that rattletrap for a day's hunting or fishing. We'd pile rods or guns in back, and prop open the trunk compartment—so Jiggs, Cappy's pointer, could jump in and go along.

They say when Cappy brought the new car home he opened up the hood to show off the engine—and poor old Jiggs hopped right in! Figured it was the trunk. He hopped right out in a hurry, too. That cylinder head was mighty hot.

From where I sit, old habits are hard to shake, once they get a hold. Like, for instance, too many people are still in the habit of trying to run their neighbors' lives—telling them how to act, what to wear, whether or not to enjoy a refreshing glass of beer. I say that kind of thinking's outmoded . . . ought to be turned in for a new model!

The Servicemen's Letter

Hi Fellas:

One of our old buddies is rejoining our mailing list this week. S/Sgt. Dale A. Gee is leaving on Monday, Feb. 18th for McChord AFB, Washington. His new address is 1905 AACS Sq. He is driving out with his family in their newly acquired Ford. Here's wishing a safe arrival, Dale, and a good assignment when you get there.

A letter from Ernest Pinney of the 3rd ARS, Flt D, APO 75, c/o PM, San Francisco, Calif which was relayed to me by his grandmother carries a new rating. Ernest is now Sgt. He writes that things are going pretty good with him there in Japan at this time. He feels that he has a better deal than the men in the States just now as his pay is better and that he gets to see more. He complains of the rains but says that they get a break from them now and then. He wrote that the town (Japanese) outside of their Base burned recently. Their building are made mostly of paper with a very little wood and he said that the town sure did burn good.

Roy Hebden of Hq, 86 Maint & Sup Gp, APO 65, New York, NY wrote this past week and I note that he has moved up a notch. He is now Cpl instead of Pfc. Roy writes, "Well, I am finally breaking down and writing you a letter. I've been putting in my time for I've been trying to get me another stripe. Just last week I got thru the board in passing for my PAFSC of 70250 so now I am good for Sgt.

'My job over here is Senior File Clerk. I have control files that cover the Maintenance Squad, Motor Vehicle Squad, and Supply Squad plus the 7325th Labor Service, which is a German Labor Service Unit. So I have my hands full. But shortly I'll be moving close to where Jim Grahams base is for my next base is in the French Zone of Germany.

You probably have been on this base where I've been stationed. It is Neubiberg and is 3 miles from Munich. Munich right now is getting back on her feet. It is getting to look more like a town now for they sure have been doing some building." Thanks for writing, Roy. I can well imagine that things have changed a lot from when I was in Munich.

Bob Anderson checked in from Yokosuka, Japan and I notice that he is now ENFN. That makes promotions for this week and all of them for overseas men. Bob writes, "I'm still here in Japan and will be as far as I know. Most of the ships have been staying here round nine months and then leaving for the states. Ours has been here around seven so it's getting closer.

'Tell the folks around home thanks for sending the EJ paper by Air Mail. It sure helps a lot It only takes about six days to reach me and that sure makes me feel good. You might as well say it is fresh off the press. I've been reading about the new ski tow they put up on the hill. Sounds like its a good one. I hope I can get home when the snow is on so I can get a crack at it. It's a lot of fun skiing but kind of hard on a beginner, if you know what I mean. (He must mean Bruce) 'I've been pretty lucky for the last couple of weeks. We've had lots of liberty and while on the beach I ran into three guys I went to school with back at Great Lakes. We talked over old times and a few of the present. We sure had a lot of fun. Naturally we had to go and celebrate because no telling when we might see one another again. I've also been taking a few pictures around here and Jokohama and I'm sending a few home. If you would like to see them climb on your horse and gallop across the street and Mom would be glad to show them to you." Thanks, Bob.

Kenneth Richards writes from Fort Leonard Wood, Mo. and gives us a new address. "Hi Jake — Ive been getting the papers okey. But I am moving to a special school here on the post. We finish our basic training this Friday the 15th. It sure has been interesting. We've build all kinds of work which the engineers do. The weather has been just like spring, but today it turned a little colder and hailed. I'll probably be getting my delay on route next month. Here is my new address: Pvt. Kenneth Richards, US 55 187 683, Co A, 52nd AEB, 6th Armd Div,, Fort Leonard Wood, Mo." Good luck to you in your new school, Ken.

Here's some bad news which originally started at Camp Drum in New York. That's the paratroop training center, you know. Robert Kitson, who has been in training there, had a bad fall in one of his jumps last week and ended up with a broken hip. During the same week there were many casualties. Three other men besides Bob suffered broken backs and there were nine killed. These men had been doing experimental jumping with new type equipment when they ran into some bad winds and down drafts in the mountains. Evidently the accidents broke up the party for the main group of the troopers started back for Fort Campbell on the 15th. Bob, himself, followed later by stretcher and his address is now: Pfc Robert W. Kitson, RA 16 364 221, Ward 10 AB, US Army Hosp, Fort Campbell, Ky. I'll bet that Bob would sure welcome a letter from some of his buddies — whether in or out of the service.

Another man in Camp Drum is listed in the following release from the Army: "Pfc Herbert M. Griffin is participating in Exercise Snow Fall, the joint Army-Air Force maneuver now in progress at Camp Drum, N. Y. He is a member of the 11th Airborne Division's 511th Regiment, a highly trained unit which also took part in Exercise Southern Pine last fall. The current maneuver, involving more than 30,000 soldiers, is designed to teach techniques of Artic warfare and to test equipment. Fort Cmpbell, Ky. is the home station of the division. A rifleman in Company I, Griffin entered the Army in January 1951. He graduated from Parachutist school at Fort Benning, Georgia."

These two items leave me up in the air about your paper, Herb. However, until I hear different I'll continue sending it to Camp Drum. If your're not there it will follow you.

Bob Farmer dropped me a line from Scott AFB and gives a change of address. His new address is: Pfc Robert Farmer, AF 16 379 480, 3322 Stu Squn, Scott AFB, Illinois. He writes further, "We have been having very warm weather down here lately. It sure does feel good too. I am now supposed to be able to repair a radio. I am still going to school though but am learning transmitters; how they operate and why and how to identify them. I have about 18 more weeks to go yet, that is counting 8 weeks of Air Borne equipment and then I will get a leave and from there who knows where I will go. I'm sure I don't know. I shouldn't worry anyway for the Air Force does my thinking for us. Ain't they nice though? Tell all the boys hello for me."

Last week I told Bernard Pearce that there was none from East Jordan with him in Fort Sill. However, I find now that although East Jordan is not represented that Boyne City is and by a man who may be a friend of Bernards. He is Cpl Jack T. Davis of Btry A, 235 Obs Nn. Look him up Bernard and he maylead you to others you know.

So Long fellas,
"Jake" Snyder

PENINSULA....

(Edited by Mrs. Emma Hayden)

Orvel, Linda Sharon Czyskoski of Gaylord spent the week end with their uncle and aunt, Mr. and Mrs. Albert Peters

Mrs. Hattie Healey received a letter from her son, Charles Frank who is with the U. S. Army in the Engineers Corp that he had spent a week end pass at an national capital and had seen our president out on his early morning walk. He is stationed at Fort

2nd Lieut. Thomas Leu has been spending a furlough with his parents Mr. and Mrs. Joe Leu and family. He returns to camp in California Monday, his sister Verna will accompany him to help him drive his car back and will return by bus. Tom flew from California to Chicago nonstop and states there wasn't a cloud in the sky until they entered the Mississippi valley.

25 present at Sunday School.

Mr. Bub Pepper of Port Huron, Michigan visited his aunt, uncle and cousin, Mr. and Mrs. N. D. McDonald and daughter, Friday.

A few neighbors attended the Faust funeral Thursday.

Mr. and Mrs. Robt. Hayden and daughter Ester were dinner guests of the Frank Hayden family Sunday. The occassion was Ester's 2nd birthday. Mrs. Ken Staley of Charlevoix spent the afternoon with her parents.

Star 4-H Club were guest to a party given by Peninsula 4-H at Peninsula Grange Saturday evening. South Arm 4-H were also guests. There were about 90 4-H's and parents. Everyone had a wonderful time.

Mr. Richard Beyer and son, Herman spent Saturday afternoon with the Hayden family.

Three familys from Peninsula attend the P.T.A. Dance at East Jordan Wednesday evening.

A rule of thumb about refrigerator size is six cubic feet for two people with an additional cubic foot for each additional person. Michigan State College specialists point out, however, that a refrigerator is soon outgrown und it would be better to buy a large one in the first place.

Michigan Mirror

INTERPRETING THE NEWS

Michigan began reverberating last week to the thump of Eisenhower drums as various backers in the state trotted out a likeness of the general, began tightening organizations and belts and collecting pledges for funds.

Taft has made a quick visit to the state and Kefaver dropped in to say brief hello. But this will be the first really full scale drive in Michigan. It is in the hands of Arthur H. Vandenberg Jr., son of the late senator and now organizing director of Arthur H. Vandenberg Jr., son of the late senator and now organizing director of the Eisenhower movement.

In Grand Raids, Arthur's bailiwick, he met with leaders of the Statewide Eisenhower committee members and they worked out details. By now the Grand Rapids procedure is being repeated all over the state to collect enough endorsements to tip the scales against Taft, who has been doing rather well in the midwest.

Now there comes speculation on whether Ike will return to this country to campaign. If he doesn't, according to more than one source, he won't stand a chance against Taft. And if Taft doesn't win the nomination on the first vote, predicts these same sources, Grey Horse MacArthur may get it.

A new twist on an old story. Michigan each year is cheated out of from $500,000 to $1,000,000 in cigaret taxes by bootleggers operating between Detroit and St. Louis, Mo. Michigan has a three-cents per package tax. St. Louis has none.

Department of revenue says bootlegging cigarents is being held to a standstill, at least, through increased activity of its workers and making the offense a fellony. Prior to last June offenders usually were given 60 to 90 days in jail. Two men recently sentenced pulled prison terms of five months to five years and nine months to five years.

The revenue department is afraid of the cigaret bootlegging potential. Cigarets are more profitable ($5,000 per load and two loads a week) and more easier to handle than liquor was during prohibition.

Sen. Alpheus P. Decker of Deckerville sat the chamber back on its heels when he blasted Detroit as a "hotbed of un-American thinking" while opposing legislation to reapportion the state on a strict population basis. "Perhaps it was a pretty strong statement just at this time," the senator said later. He says now he thinks there have been improvement in Detroit since 1930.

Michigan's mental hospitals are overflowing and inadequate —a fact generally known. But the latest figure from the department of health says they are 22 percent overcrowded. Some 30,000 patients are under state care.

Detroit is battling over a proposal to substitute the medical examiner system for the coroner set-up now in effect. New York, which has the medical examiner program, says a complete medical investigation of a case costs only $5 and saves the state thousands of dollars in rechecking cases, witness fees and prolonged criminal investigations.

The federal civil defense administration warns Michigan citizens against being taken in by racketeers who sell guaranteed "radiation proof overalls" and the like. FCDA says that even if genuinely protective clothing would be devised probably no one would be wearing it at the right time.

Michigan's birth rate is playing hob with its schools. Some 170,000 babies were born last year as compared with 99,000 in 1940. School officials say they will get 109,000 new pupils next fall while seats are needed already for 108,000 now in overcrowded facilities.

After vowing to the press a few weeks ago that he had been cured of the "politics bug", Eugene C. Keyes has turned his back on his pious resolutions and declared himself in the U.S. senate race. On what ticket? Why the independent progressive Republican slate—of course. Keyes' last billboard campaign fizzled miserably.

Michigan taxpayers last year payed out $4,909,900,000 in federal, state and local taxes last year. This compared with $3,484,010 in 1950, the largest increase in history, according to the department of revenue. The tax load in Michigan has increased 10-fold since 1930.

The emergency commission on defense contracts has moved on Washington in an effort to alleviate the jobless situation in Michigan's industrial areas. Current aims are to set up plans to establish industrial subcommittees to help plants get contracts. All major employers have been asked to submit quarterly estimates on projected employment so the commission and its subcommittees can work ahead to forestall future crises.

WILSON.....

(Edited by Mrs. Ralph Kitson)

Mrs. Nina Otto who was spending the winter at the Len Cosier home but broke her hip just before Christmas is able to set up now.

Mrs. Geo. Clark and Mrs. Ethel Pearsall called at the Wm. Vondran home Monday.

Mr. and Mrs. Henry Brown of East Jordan called at the Wm. Healey Sr., home Thursday evening.

Jay Ransom called at the Ralph Kitson home Monday.

Mrs. Leo Lick and children, Mr. and Mrs. Ralph Kitson and son spent Saturday evening with the Deer Lake Grange.

Kenneth Vondran has been out of school the past few days with infection in his leg.

Sunday dinner guests at the J. Roberts home were Mr. and Mrs. Albert Roberts and daughter of Mt. Morris, Mrs. Myrtle Roberts of Ellsworth, Mr. and Mrs. Jack Boss of Ellsworth, Mrs. Anna Martin of Boyne City, Mr. and Mrs. Bill Vondran Jr. and sons, Mr. and Mrs. Marvin Roberts and son.

Mr. and Mrs. Albert Roberts and daughter of Mt. Morris spent the week end with Mr. Roberts brother and family, Mr. and Mrs. J. Roberts. Mrs. Albert Roberts hadn't been up here for 11 years.

Mr. and Mrs. Ralph Kitson received word their son, Robert W. Kitson, had an accident while jumping with the paratroopers. It was to have been the boys last jump. Bob has his hips broken and is in the hospital at Ft. Campbell. H ewill undego an operation Wednesday and have pins put in his back and a tube to his kidney.

Mr. and Mrs. Wm. Vondran Sr. and family were Sunday guest of Mr. and Mrs. George Clark the occasion being Mr. Clarks birthday.

Mr. and Mrs. Lester Hardy called at the J. Roberts home Sunday evening.

Mr. and Mrs. Martin Howard and son Harold Howard of Boyne City were Sunday dinner guests of their dughter and sister and family Mr. and Mrs. Leo Lick.

Horace Warm is very sick with the flu.

Mr. and Mrs. Len Cosier called at the Leo Lick home Thursday.

Mary and Ray Atkins called at the Geo. Clark home Sunday.

Ralph Kitson has been on the sick list the past few days.

Callers at the Ralph Kitson home Sunday were Mr. and Mrs. Lewis Prebble and family, Mr. and Mrs. Lewis Kitson and family Mr. and Mrs. Allen Reich and family.

Wm Healey Sr. called on Mrs. Maud Beals of Advance Friday afternoon.

Mr. and Mrs. Wm. Healey Sr., Mr. and Mrs. Wm. Healey Jr. spent a few hours Sunday afternoon at the Boyne Mountain ski club, watching the skiers.

Forest Products Available

Supply of multiflora rose is good, and jack pine and ponderosa pine are still available at the Michigan State College forest nursery at East Lansing. A fair supply of black locust also is available.

According to Ira Bull, of the MSC forest nursery, multiflora rose is used mainly for planting "living fences" or for use as wildlife feeding areas. Jack and ponderosa pine are good for planting on deep, dry sandy soils or blow sand to aid in soil conservation. The state conservation service nursery also has a supply of jack pine, he said.

Blanks for ordering trees are available at the county extension office. Demand for trees is is shown by the fact that Michigan ranked second only to New York in trees planting activity in 1951 with 33,097 acres.

The things that women can make the most out of nothing are a hat, a salad, and a quarrel.

Looking Backward . . .

FEBRUARY 17, 1912

Mrs. Flke, wife of George Fyke died suddenly at her home near Rock Elm, Saturday. Funeral services were held Wednesday morning from the Presbyterian church conducted by Rev. Grigsby.

Thomas Moore, a well known resident of South Arm township died at his home just west of the city early Friday morning, Feb'y 16th. Funeral services will be held Sunday.

Among those from our city who attended the B.P.O.E. meeting at Petoskey, Tuesday, wer: Att'y A. B. Nicholas, Sr., Att'y A. B. Nicholas, Jr., H. C. Clark and Harry Curkendall.

"THANK YOU... from all of us"

We promised Boyne City and East Jordan dial telephone service as soon as all the needed facilities could be made ready. Two new buildings had to be constructed. Complex automatic switching equipment had to be manufactured and installed. Telephon sets and numbers had to be charged, and miles of wire and cable had to be placed.

It took $230,000 to bring dial service to Boyne City and East Jordan, but on Thursday our promise was fulfilled and the dial telephone system is now in full operation.

Our customers have been most patient and co-operative throughout the many months of work and planning that preceded the change-over. We want to take this opportunity to say, "Thank you . . . from all of us."

The new equipment will give you fast, efficient service, but to get the most out of your dial telephone:

1 Look up all numbers in the new directory before calling.

2 Follow the dialing instructions in the front pages of the new directory.

3 Remember to listen for the hum-m-m of the dial tone before dialing, and be sure to replace the receiver when you're through talking.

MICHIGAN BELL TELEPHONE COMPANY
